Church News

Seventh - Day Adventist Church

Communion Service celebrated October 6. Pastor William E. Carpenter's subject for contemplation was — "Is Communion Real?" He explains the service which Christ was about to establish was to be a reality it could never be ceremonial. We are really commemorating his death, The ordinance of the Lord's Supper was given to commemorate the great deliverance wrought out as a result of the death of Christ. Till He shall come the second time in power and glory this ordinance is to be celebrated. It is the means by which His great work for us is kept fresh in our minds. Matt. 26: 26, 27, 29, 1 Cor. 11: 23-26.

Pastor Carpenter continues — The ordinance of humility preceding the Lord's Supper prepares us for humble service for God and humanity. All who partake of the divine attributes and share with Him the joys of seeing souls redeemed must follow His example of unselfish ministry. St. John 13: 4,5, and 12-17. Speaking of the great ordeal, he was soon to experience, the Master said "With desire, I have desired to eat this passover with you, before I suffer." Luke 22: 15. The death of Christ only could make His love for us efficacious His sacrifice is the center of our hope. Shall we adopt Paul's language in Gal. 6: 14 and then ask ourselves — Is Communion Real? to us.

YOUR PHARMACIST SPEAKS

Your Pharmacist Speaks

By: John L. Sneed,

In the weeks to come we hope to explore and to explain some of the more interesting aspects of the wide and wonderful field of medicine. We will investigate a few "firsts", dwell a monent on some of the great pioneers and look into some of the astounding breakthroughs of medicine that have increased life expectancy from 22 years in the time of Caesar to the 70-plus years we can look foward to today.

Medicine's progress has sometimes been a stop-and-start, trial-and-error proposition in the search for health where life and death are the two sides of the same biological coin. As we continue to sift through the history of medicine, we hope to give you a better and clearer picture of medicine in its many facets.

We hope, also, that in the matter of prescriptions you will think of **Sneed's PHARMACY.** Carefully and accurately compounded prescriptions are very necessary to your health and well being. You can rely on **SNEED'S PHARMACY.** Phone 352-7161.
